

To Yvonne and her team.

Thank you so much for all your help in finding us our beautiful apartment in Ibiza. We are now looking forward to spending many happy days there in the future.

From our first contact with Everything Ibiza we have had nothing but friendly help and advice, both when we have been in San Antonio and when we have been back in the UK. The e-mail contact and speed of response to all our queries and minor anxieties has taken much of the stress out of the process and has made things flow far more smoothly than we thought possible.

The best aspects have been:

- a) finding a good range of properties for us to view and then accompanying us on visits to the ones we selected
- b) handling the contact with the vendors and giving advice without being intrusive or negative about what we wanted
- c) finding an independant lawyer to help us handle our purchase arrangements
- d) assisting with obtaining the required NIE numbers
- e) helping to set up banking facilities
- f) taking us for coffee!

We now look forward to a new phase in our relationship as we enter into negotiations to rent out the apartment for limited periods when we are not in residence. I trust Everything Ibiza to help us in this new enterprise.

Thanking you once again,

Trevor Pope
